---

Hi Amy,

My colleague Susan Vescovi (who is out today) has been sending you notices when EPA receives alternative demonstrations from CCR facilities in Indiana. On November 24, 2020, EPA received a demonstration from F.B. Culley in Newburg, IN for the use of 257.103(f)(1). On November 25, 2020, EPA received a demonstration from AB Brown for the use of 257.103(f)(1). EPA is currently evaluating both demonstrations for completeness. Once EPA completes the reviews, the facility will be notified that their demonstration is either complete or incomplete.

If you have any questions please contact Kirsten Hillyer (cc'd) and Susan Vescovi.

Thank you,

**Jessica Schumacher**
